

### **PUBLIC ADVISORY:**

- 1. T201604501 Kenton Road Closure for Phase 6 Construction**
- 2. T202104204 Kenton Road and Central Church Road Phase 2 Construction**

**Date:** Effective July 31, 2026 (*Weather Dependent*)

**Location:**

1. Kenton Road (College Road to Turnberry Drive)
2. Kenton Road and Central Church Road Intersection

**Duration:** Approximately 40 Days (*Weather Dependent*)

The Delaware Department of Transportation (DelDOT) will begin Construction Phase 6 of the Kenton Road Improvement Project on **July 31, 2026**. This phase requires full closure of Kenton Road between College Road and Turnberry Drive to complete roadway upgrades.

DelDOT will also begin Phase 2 of the Kenton Road and Central Church Road Intersection Improvements Project on **July 31, 2026**. This phase requires a full closure of the Kenton Road and Central Church Road intersection to complete roadway upgrades

**Closure Limits**

1. **Kenton Road:** From College Road to Turnberry Drive
2. **Kenton Road and Central Church Road Intersection**

**Traffic Detours**

A posted detour route will be in place for motorists traveling in both directions on Kenton Road and Central Church Road. **The detour is designed to route traffic around both the Kenton Road closure (College Road to Turnberry Drive) and the Kenton Road/Central Church Road intersection closure.** Motorists should follow all posted detour signage and expect delays during construction.

**Weather Impacts**

All dates are weather dependent. Any schedule changes will be communicated promptly.
